

# KIMBERLEY PARK STATE SCHOOL

Every child successful, ready for the future

## WEEKLY NOTICES

WEEK 2

Monday 27<sup>th</sup> April – Friday 1<sup>st</sup> May

TERM 2, 2020

### A NOTE FROM OUR ADMINISTRATION

#### Congratulations on a great first week back

- Congratulations to our K.P families on a successful first week of Term 2, our first week of Learning@Home. We understand that this week has not been without its challenges. As a school, we are dedicated to providing the best education for our students at all times. Our teaching teams are working extremely hard to plan lessons for home, supervising children at school, whilst also being available for students at home by responding to their learning and questions.
- **At this time, we ask that parents and carers please talk to their children about privacy protocols for online resources. Any teacher photos, videos or audio are to stay within platforms for educational purposes only, they are not to be shared beyond these platforms. Thank you for your help in this matter.**

### A NOTE FROM OUR SCHOOL OFFICE

- **Class rolls will be marked every day.**
- Please ring the Student Absence Line if your child is unwell and will not be engaging in learning for the day. **This applies to children of essential workers who are being supervised on campus, as well as the home learning students.**

### WELLBEING & MINDFULNESS

#### Ideas & Resources

## Attitude of Gratitude

With our current state of life, it can be hard not to focus on the negative and what we are missing out on. It is easy to forget the good things in our lives. Now more than ever before, it is important that we set aside time to reflect on our day and identify the positives. A nice idea to do this as a family is to set up a 'Gratitude Jar'.

The idea behind this jar is that each day you write on a slip of paper three things you are grateful for from that day. These might include; people, objects, systems, places and things you are grateful for. It is perfect for when you don't have a good day, you can open the jar and read some of the old slips of paper, to remind you that there are lots of things to be grateful for.

Click on the link for a [Free Printable: To Make Your Own Gratitude Jar](#).

Never let the things you WANT make you forget the things you HAVE.

**ACTIVE COPING CALENDAR: APRIL 2020**

27 Thank three people you're grateful to and tell them why	28 Make a plan to meet up with others again later in the year	29 Connect with nature. Breathe and notice life continuing	30 Remember that all feelings and situations pass in time

### SPECIAL EVENTS THIS WEEK

#### ANZAC Day 25<sup>th</sup> April 2020

K.P. commemorated Anzac Day on Friday 24<sup>th</sup> April at 2pm with a very special online service. Here is the link in case you missed or wanted to view it again. <https://vimeo.com/410763606> Password: **kpssANZAC2020**

Over the weekend, please share with your teachers how your family commemorates ANZAC Day this year. You could take a photo or record a quick audio message to your Showbie for your teachers to view.

#### Mother's Day Sunday 12<sup>th</sup> May 2020

- P-2 resources [Mother's Day craft ideas](#)
- 3-6 resources [Mother's Day craft ideas](#)

### ANZAC DAY IDEAS

- Bake some yummy ANZAC biscuits for morning tea and learn about the [history of this famous biscuit](#). Click here for the [recipe](#). Listen to the storybook called [ANZAC Biscuits](#).
- Have a go at making these beautiful poppies. Simply cut the bottoms of some soft drink bottles. Cut down the creases of the bottles to make petals and paint red or colour with red marker pen. Rub a wax candle around the edges to ensure they are not sharp. You could add a paddle pop stick and display them in your front lawn.
- Try making a simple ANZAC lantern. All you need is an empty milk bottle and some permanent markers. Pop a tea light candle inside and you are ready to ["Light up the Dawn"](#).

**One of our former K.P students is now a contestant in Lego Masters 2020.** Jennifer-Leigh Campbell graduated KPSS in 2000. Jennifer is an environmental engineer, who is now working as a University researcher.

Jennifer refers to herself as "Jen-gineer", saying: "I like to experiment, build, innovate and design with a childlike enthusiasm." She appreciates the way LEGO sparks a childlike enthusiasm in people, creates wonder and encourages creativity. She describes her strengths as being intuitive, playful, and awesome at problem solving. LEGO is more than just a toy for Jennifer too, who wants to use it to inspire children and adults to be more playful and creative.

For more on Jennifer check out her [Lego Masters story here - https://9now.nine.com.au/lego-masters/jennifer-and-jodie](https://9now.nine.com.au/lego-masters/jennifer-and-jodie)

Get involved at home by taking part in the [30 days of Lego Challenge](#).

### TIPS FOR LEARNING AT HOME

#### Showbie

Our Senior School Digital Coach, Mrs Yvette Carroll, has created a couple of help videos for using Showbie.

#### How to complete tasks on a document online and submit it on your Showbie

<https://vimeo.com/410931851>

Password – KPSSshowbiehelpv2

#### Remember another way to complete a document is to:

1. Download it
2. Print it
3. Complete it
4. Take a photo of it
5. Upload it back onto your Showbie page

#### Help Feature in Showbie
