### TIPS FOR STUDENTS RETURNING TO SCHOOL

To help your child feel safe and less worried about going back to school, have clear and calm conversations and tell them the facts, including that:

- The decision for students to return to school has been made based on health advice.
- Everyone at school is going to make sure they are keeping safe, and there is plenty of soap at school so that everyone can wash their hands many times a day.
- They will be allowed to sit next to their friends in the classroom and during group activities, as children like them usually do not get sick from COVID-19.
- The Government is keeping an eye on COVID-19 – if it starts to spread again, decisions about what we need to do to keep everyone safe will be made quickly.
- If anyone at their school feels sick, they will stay away from school until they feel better.

Be aware of your own behaviour

Pay extra attention to your child's emotions and needs

Prepare for changes to school processes

Reassure your child it is safe to go to school

Establish a back-to-school routine

National Sorry Day is a significant day for all Australians, especially Aboriginal and Torres Strait Islander people and communities across the nation. On National Sorry Day we recognise the grief, suffering and loss suffered by the Stolen Generations. We must never forget the historic injustices and struggles experienced by First Australians.
