**NEW PEDAGOGIES ARE...**

**Collaborative**  
 Our plan is to become a renowned PLC school, that showcases the benefits to student learning outcomes by working together in collaborative teams.

**Evidence Based**  
 Our plan is to develop a school that continually refines and improves teaching practices as well as prioritizing key professional learning based on feedback and student data.

**Consistent**  
 Our plan is to have a high reliability school that provides high quality instruction in every classroom, every day.

**Contemporary**  
 Our plan is to provide our teachers with the license to engage in innovative teaching facilitating access to lessons beyond the traditional boundaries, collaborating online locally, nationally and globally.

**Innovative**  
 Our plan is to provide teachers with the license to explore new teaching methods and transform learning environments.

**LEARNING ENVIRONMENTS HAVE...**

**Contemporary Infrastructure**  
 Our plan is to deliver reliable and contemporary infrastructure to the staff, students and parents of the school.

**Contemporary Learning Spaces**  
 Our plan is to explore the transformation of all learning environments to meet the expectations and opportunities of contemporary teaching and learning.

**Distinct Facilities**  
 Our plan is to provide distinct facilities that demonstrate our brand and highlight our areas of excellence.

**Sustainable Practices**  
 Our plan is to build sustainable practices into the ongoing operation of the school.

**LEARNING PARTNERSHIPS CREATE...**

**Engaged and Connected Community**  
 Our plan involves embracing and defining the Kimberley Park experience and brand for families and the wider community.

**Entrepreneurial Practices**  
 Our plan is to create a localised hub of business opportunities leading to sponsorship, partner projects, funding acquisition and maximising use of local resources for the community and beyond.

**Pathways Partners**  
 Our plan is to support the next stage of a child's development once they exit our school, setting up options for our students that align with their particular talent, skill set and social/ emotional needs.

**Global Partners**  
 Our plan involves further investment in the study of other cultures and systems.

**LEVERAGING DIGITAL MEANS...**

**Contemporary Infrastructure**  
 Our plan delivers a standards-based, modern ICT architecture providing seamless access to data and school systems, regardless of the location they are accessed from.

**Capacity Building**  
 Our plan incorporates the entire school community adopting and utilising ICT effectively for learning and communication practices.

**Internet Safety**  
 Our plan is to deliver the best possible online learning opportunities for our students whilst maximising their privacy and safety.

**Research & Development**  
 Our plan is to intentionally stay abreast of developments in technology that impact on or could further enhance the learning opportunities of students.
